

425
SANDMASK

PRODUCT OVERVIEW

The 425 SandMask is the most popular in the Hartco resist product line. Designed to be highly versatile, the 425 green vinyl, comes on a paper liner and is a general purpose resist used on a wide variety of substrates. The superior vinyl formulation is thinner than rubber, easier to cut and weed, while offering a high degree of protection for pressure as high as 90 PSI.

- **REGULAR GRIP ADHESIVE**

Regular Grip adhesive should be used on smoothed, primed, or painted surfaces.

- **HIGH GRIP ADHESIVE**

High Grip adhesive should be used when the substrate is more porous.
