

INSTALLATION CHECK LIST

Fax to: 800-459-0448

We recommend the following for best performance of equipment:

1. **COMPUTER RECOMMENDATIONS** – Pentium 4 or Athlon 64 processor, 20 GB of free hard drive space, 2 GB or faster recommended of system ram, 512 MB video or better, Windows XP, Vista business/Ultimate 32 bit DVD/CD-ROM drive.
2. **NETWORK AND CROSSOVER PRINTER CONNECTION** – If an existing network is in place, the customer needs to supply an IP address for the new printer and the customer’s IT person **MUST** be available at the time of install.

IP Address _____

Subnet Mask _____

Gateway _____ **Customer’s initials** _____

*Without a customer supplied IP address, the printer will have to be hooked up via crossover directly to the PC. **Unless the PC has two Ethernet cards, the customer will be unable to use the internet and the printer at the same time.***

3. Be sure that there is adequate space for the unit and the area is clear of obstacles.
4. Must be someone onsite who can lift 150lbs. If this is not possible a second Wensco employee must accompany at an additional cost.
5. If you have any questions, please give us a call at 800-253-1569 and ask for the **Tech Department**.

Customer’s Sign Off: _____ Date: _____

Company Name: _____
