  - Won't chip, crack, or crumble
  - resistant to weather, oil, salt, moisture
  - UV light and temperature resistant
- Molded-in Hand-grips
- Optional wheels make signs easy to move
  - polyurethane lined wheels
  - durable and quiet
  - zinc plated hardware
- Square plastic post eliminates sign twisting
  - available in white and black
- Hardware for attaching a sign included
- Stack 30 and 60 lb. bases for 90 lbs.
- Made in the U.S.A.

**Rubber Base  
Optional Wheels**  
comes with two double wheel  
assemblies installed

### Square Post = Stable Signs No Twist or Wobble!

**10X more contact**  
between sign & post  
than with round post

Sign Sits Flat Against  
Square Post

Strong Plastic Post with  
Reinforcing Center Crossbars

## The Power Post™ Advantage

- 60" or 72" square post, available in white and black
- Reinforced plastic square post is stronger and more stable than round
  - 15% greater wind resistance than round posts
  - 10 times more surface area contact between sign and post
  - no sign twisting on post, no post rotating in base
  - impact resistant post has reinforcing center crossbars
- Lightweight and will never rust
- Pre-drilled holes for multiple sign sizes
