

# STANDOFFS MOUNTING KIT

Everything you need to mount signage, artwork, posters or awards.

800.253.1569 | wensco.com

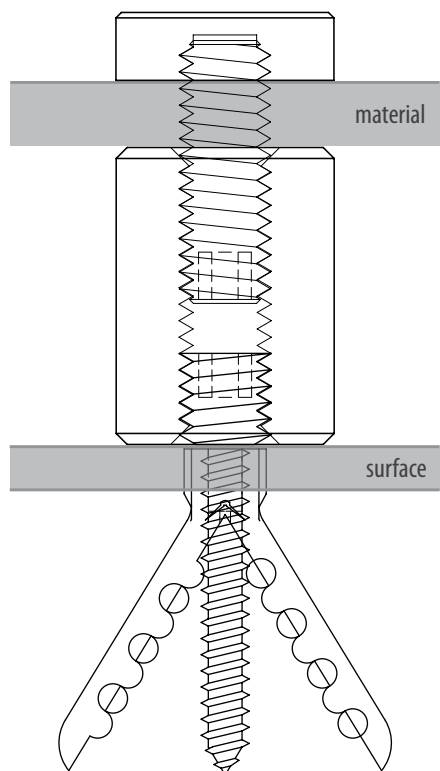

## Cap and Barrel Installation Instructions

Here's what you'll find in your kit:

*NOTE: Your kit may include a 2nd threaded stud to accommodate different material thicknesses.*

Watch our how-to videos: [standoffsystems.com/howto](http://standoffsystems.com/howto)

- 1 Use the holes in your material as a template to mark holes on your mounting surface.
- 2 Pre-drill 1/4" holes in your surface, then insert **nylon anchors** into the holes and tap them flush.
- 3 Drive your **combination screws** into the nylon anchors, then tighten **barrels** against surface.
- 4 Screw **threaded studs** into your barrels, then place your panel in position and thread on **caps** until snug.

**TIP:** We recommend 3/8" holes in your material to give you more freedom for aligning your panels.
