

SSC 165, 210, or 250

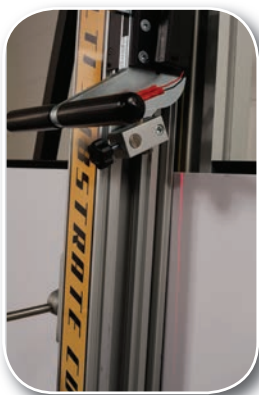

Dust Free Cutters

Dibond

Foamcore

Laser

The new SSC 165, 210, and 250 are revolutionary vertical cutters offering a high degree of performance and accuracy at a cost much less than similar models in the industry. A truly affordable finishing solution for any sign making business. These units are designed to cut cleanly and accurately without dust and noise. The interchangeable tool cartridges that can be changed in under 10 seconds means that you only buy the tools you need. The cartridge system allows new tools to be developed for new materials giving the SSC 165, 210, & 250 virtually unlimited scalability.
