EVER ETCHED CAL + FLITE[®] TECHNOLOGY

Decorative etched glass film can enhance the aesthetic of your workspace or office. Ever Etched Cal is a printable calendered etched glass vinyl with FLITE Technology[®]. Designed to be applied dry, the combined benefits of FLITE Technology and air channels will have installers experiencing repositionability while virtually eliminating bubbles and wrinkles from forming. A dry application technique promotes a mess-free environment during and post-application and eliminates the use of application fluid. This technique allows for an on-the-spot completed install; no next-day follow up needed! Ever Etched Cal is the best value etched glass film on the market.

Unique Features:

- ▶ Best value printable calendered etched glass film on the market
- ▶ Dry application technique results in a faster and cleaner process
- ▶ FLITE Technology[®] allows repositionability of graphics with ease
- ▶ On-the-spot completed install – no waiting period

Applications:

- ▶ Glass
- ▶ Clear Substrates
