

LED Fast-Pak™ Kits

800.253.1569 | wensco.com

Why waste time
assembling components

When you can use this:

Pre-assembled, pre-wired and ready to install

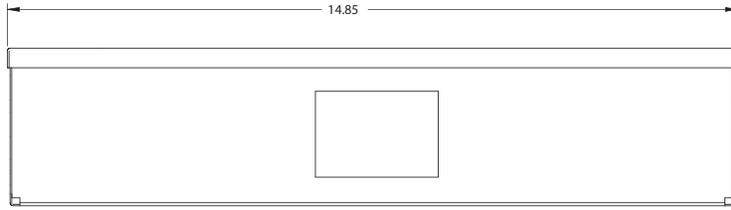

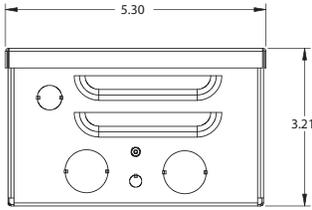

Quick installation from the carton into your application. Saves time and money.

- ◆ The **LED Fast-Pak™** features a premium model **FRANCE 60 watt LED** power supply in a wet-listed enclosure (horizontal mount only).
- ◆ The **mini LED Fast-Pak™** and **Double mini LED Fast-Pak™** feature one or two compact **FRANCE 60 watt LED** power supplies in a unique wet-listed enclosure mountable horizontally or vertically
- ◆ Besides power supplies, all models include:
 - ◆ Power switch (UL recognized for wet locations)
 - ◆ ON/OFF indication provided
 - ◆ Green wire connected to the ground terminal
 - ◆ Required 1/2" power supply clearance off the enclosure horizontal surface

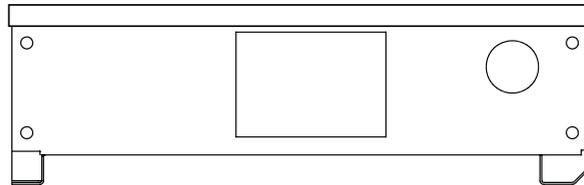

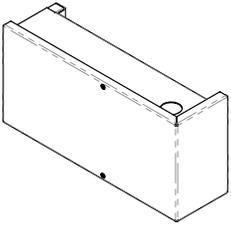

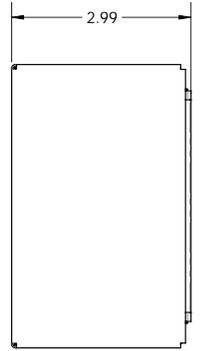

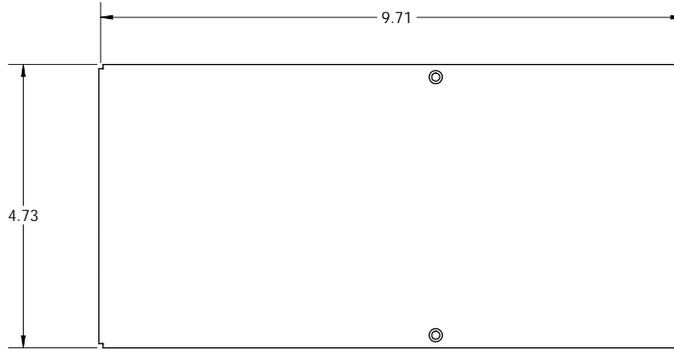

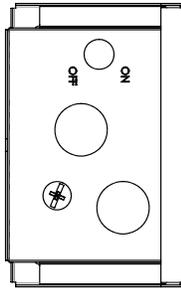

All components are Reliable **FRANCE UL Sign Accessories**. Power supplies UL acceptable for field wiring.
